

CHAPTER 8

VITAMINS

KEY TERMS

Analog	Megadose
Beriberi	Megaloblast
Bioavailability	Mucus
Carotenoids	Neural tube defect
Coagulation	Night blindness
Coenzyme	Osteomalacia
Dementia	Parathyroid hormone (PTH)
Dermatitis	Pernicious anemia
Epithelial cells	Premenstrual syndrome (PMS)
Erythrocytes	Prostate gland
Fat-soluble vitamins	Provitamin A
Fetus	Rickets
Hemolysis	Retinoids
Hemorrhage	Tocopherols
International unit	Vitamin
Intrinsic factor	Water-soluble vitamins
Isomers	Xerophthalmia
Lecithin	
Macrocytic anemia	
Macular degeneration
