

CHAPTER 14

Fill-in-the-blanks

- | | | |
|-----------------------|--------------------------|-----------------------|
| (1) parametric | (9) equally distributed | (24) marginal |
| (2) nonparametric | (10) previous research | (25) N |
| (3) distribution-free | (11) summed | (26) subtraction |
| (4) nominal | (12) $K - 1$ | (27) $(R - 1)(C - 1)$ |
| (5) frequencies | (13) levels | (28) frequency |
| (6) Chi square | (14) research hypothesis | (29) independent |
| (7) goodness-of-fit | (15) confirmation | (30) occurrence |
| (8) squared | (16) power | (31) nonoccurrence |
| | (17) replication | (32) 5 |
| | (18) two | (33) four |
| | (19) independence | (34) expected |
| | (20) two-sample | (35) negative |
| | (21) independent | |
| | (22) contingency | |
| | (23) research | |
