

6.4 Q&A — INTERVIEW A CLASSMATE

DIRECTIONS: Getting to know the people in your class is always fun. For this assignment, try to learn something new. Interview one of your classmates for a short question and answer sidebar to accompany a full-length article about them. Ask 20 or so questions, at least, and get a good feel for the person's hobbies, likes/dislikes, favorite typefaces, that kind of stuff. Pick your favorite questions and answers and design the sidebar. An example is below.

THUSHAN AMARASIRIWARDENA

Q Who is your favorite baseball team?

A The Boston Red Sox. And don't ask that again.

Q Why?

A I'm wearing red sox. I always wear red sox this time of the year to support my team.

Q Sorry missed that cue. Are they going to win the World Series?

A Of course. I nearly passed out the last time they won. This year it just won't be as climatic.

Q How many places have you visited covering things for the Boston Globe?

A I've traveled all over the United States. And I've been to, let's see, Spain, Portugal, Wales, Italy, Austria and all over Eastern Canada.

Q It must get old.

A I never mind once I get there. I love meeting all the local people.
