

Online
LearningCentre
with POWERWEB

The Online Learning Centre that accompanies this text is an integrated online product to assist you in getting the most from your course. This text provides a powerful learning experience beyond the printed page.

The premium content areas, which are accessed by registering the code at the front of this text, provide you with powerful online resources. After registration, you will have seamless access to international PowerWeb articles.

Each component of the Online Learning Centre is described below and can be found in both the student edition and the instructor edition.

web links

Links to relevant industrial relations web sites, news services and government bodies are provided here. Use these to **investigate various industrial relations issues** and to explore the variety of relevant resources available to you.

e-student

PowerPoint slides

The student edition showcases a set of PowerPoint slides which distil **key concepts** from each chapter of the book.

PowerWeb

Unique to McGraw-Hill, PowerWeb provides you with **full-text international articles on management**, published in international journals and magazines. These articles are updated annually and are organised to match with each chapter of the text.
