

# AutoCAD Problem 1-1

## Chapter 1: Drawing Setup

### Rectangle with Text

Create the rectangle shown below using the **LINE** command. Change the text font to romans.shx. Then use the **DTEXT** command to add the text to the center of the rectangle.

## AutoCAD Problem 1-2

### Chapter 1: Drawing Setup

#### Note Template

Create a drawing to be used as a note template. Make it any size you think would be useful. Use your name instead of "A. Student."

FROM THE DESK OF A. STUDENT

## AutoCAD Problem 1-3

### Chapter 1: Drawing Setup

#### Offset Rectangles

Create a 6"  $\times$  3" rectangle using the **LINE** command. Then use **OFFSET** to create a series of three additional rectangles. Set up the **OFFSET** command to make each rectangle .25" smaller than the previous rectangle. Clean up the edges using the **TRIM** and **EXTEND** commands.
