

# TRANSMISSION SERVICE CHALLENGE

**NATEF Standard(s) for Automatic Transmission & Transaxle:**

**B2** Service transmission; perform visual inspection; replace fluids and filters.

**Directions:** Read the challenge below and then list (1) possible causes, (2) Safety First Practices, and (3) Tools and Equipment Required if a technician were to perform a Quick ✓ Check.

<b>CUSTOMER'S CONCERN</b>
My transmission fluid smells like burnt paper and is dark in color. The car shifts fine. I think that servicing the transmission now would help to prevent any troubles in the future. <b>Customer Vehicle:</b> Subaru Legacy.
