

Chapter 19 The Basic of Computers

Section 19.2 Computer Software

Reading Activity—Make a List

Directions Reread the portion of the textbook related to application programs. Make a list of five common application programs and give an example of how you have used the program or how you might use it in the future. Be specific.

Application Program	Specific Example of Application
1.	
2.	
3.	
4.	
5.
