

MATC9 Ch3.3 Key Concepts 2 Nets Worked Example

Example: Sketch a net for a box with a base measuring 18 cm by 14 cm, and a height of 12 cm.

Solution: First, sketch the bottom. Then, add the sides. Then, add the top.

Practice:

1. Sketch a net for a refrigerator packing box with a base of 1.4 m by 1.2 m, and a height of 2.2 m.
2. Sketch a net for a metal tool box with a base measuring 38 cm by 14 cm, and a height of 16 cm.
