

12

Lubrication and Journal Bearings

Chapter Outline

12-1	Types of Lubrication	618
12-2	Viscosity	619
12-3	Petroff's Equation	621
12-4	Stable Lubrication	623
12-5	Thick-Film Lubrication	624
12-6	Hydrodynamic Theory	625
12-7	Design Considerations	629
12-8	The Relations of the Variables	631
12-9	Steady-State Conditions in Self-Contained Bearings	645
12-10	Clearance	648
12-11	Pressure-Fed Bearings	650
12-12	Loads and Materials	656
12-13	Bearing Types	658
12-14	Thrust Bearings	659
12-15	Boundary-Lubricated Bearings	660
