Power Transmission Case Study

Chapter Outline

- 18-1** Design Sequence for Power Transmission **935**
- 18-2** Power and Torque Requirements **936**
- 18-3** Gear Specification **936**
- 18-4** Shaft Layout **943**
- 18-5** Force Analysis **945**
- 18-6** Shaft Material Selection **945**
- 18-7** Shaft Design for Stress **946**
- 18-8** Shaft Design for Deflection **946**
- 18-9** Bearing Selection **947**
- 18-10** Key and Retaining Ring Selection **948**
- 18-11** Final Analysis **951**
