ACROSS

2 four tendons to bases of middle and distal phalanges of four fingers on dorsal surface
4 base of proximal phalanx of thumb on dorsal surface
6 base of the middle and distal phalanges of the 2nd phalange on dorsal surface
7 base of 5th metacarpal (palmar surface), pisiform and hamate
8 base of the middle and distal phalanges of the 5th phalange of dorsal surface
9 base of 2nd and 3rd metacarpals on palmar surface
10 each tendon splits and attaches to the sides of the middle phalanx of the four fingers on the palmar surface
11 base of 5th metacarpal on dorsal surface
12 base of distal phalanx of thumb on dorsal surface
13 base of the distal phalanges of four fingers
14 base of 1st metacarpal on dorsal lateral surface
15 base of 3rd metacarpal on dorsal surface

DOWN

1 base of the 2nd metacarpal on the dorsal surface
3 base of distal phalanx of thumb on palmar surface
5 palmar aponeurosis of the 2nd, 3rd, 4th and 5th metacarpals
Solution:

EXTENSOR DIGITORUM

EXTENSOR POLLICIS BREVIS

FLEXOR POLLICIS BREVIS

FLEXOR POLLICIS SUPERFICIALIS

FLEXOR POLLICIS LONGUS

FLEXOR DIGITORUM MINIMI

FLEXOR CARPI RADIUS

ABDUCTOR POLLICIS LONGUS

EXTENSOR POLLICIS BREVIS
