

Detailed Table of Contents

About the authors	xii	Conclusion	48
Preface	xiv	Advanced module 1: auditors' legal liability	48
Acknowledgements	xvii	Advanced module 2: professional judgement framework - understanding and developing professional judgement in auditing	50
Guided Tour	xviii	<i>Key terms</i>	57
		<i>Review questions</i>	59
PART I Introduction to assurance and financial statement auditing	1	PART II Audit planning and basic auditing concepts	65
1 An introduction to assurance and financial statement auditing	2	3 Audit planning, types of audit tests and materiality	66
Tips for learning auditing	4	Client acceptance and continuance	68
The demand for auditing and assurance	5	Preliminary engagement activities	69
An assurance analogy: the case of the building surveyor	7	Planning the audit	75
Auditing and assurance defined	11	Supervision of the audit	79
Fundamental concepts in conducting a financial statement audit	13	Types of audit tests	80
Sampling: inferences based on limited observations	15	Materiality	82
The audit process	16	<i>Key terms</i>	87
Conclusion	22	<i>Review questions</i>	89
<i>Key terms</i>	23	4 Risk assessment	94
<i>Review questions</i>	24	Audit risk	96
EarthWear Annual Report 2013 (See colour section)		The audit risk model	96
2 The financial statement auditing environment	28	Use of the audit risk model	98
Types of auditors	30	The auditor's risk assessment process	100
Types of other audit, assurance and non-assurance services	31	Evaluating the entity's risk assessment process	105
Audit firms	34	Assessing the risk of material misstatement	105
A decade of challenge and change for financial statement auditors	35	The fraud risk assessment process	107
Society's expectations and the auditor's responsibilities	37	The auditor's response to the results of the risk assessments	111
The context of financial statement auditing	38	Evaluation of audit test results	114
A model of business	38	Documentation of the auditor's risk assessment and response	114
A model of business processes: five components	40	Communications about fraud to management, those charged with governance and others	117
Organizations that affect the auditing profession	42	<i>Key terms</i>	117
International standards on auditing	45	<i>Review questions</i>	118
Ethics, independence and the code of ethics	47		

5 Evidence and documentation	125	Performing an audit of ICFR	225
The relationship of audit evidence to the audit report	127	Planning the audit of ICFR	226
Management assertions	127	Using a top-down, risk-based approach to identify controls to test	228
The concepts of audit evidence	133	Testing the design and operating effectiveness of controls	231
Audit procedures for obtaining audit evidence	136	Evaluating identified control deficiencies	234
Reliability of the types of evidence	140	Remediation of a material weakness	237
The audit testing hierarchy	141	Written representations	237
Audit documentation	144	Auditor documentation requirements	238
Advanced module 1: analytical procedures	151	Auditor reporting on ICFR	238
Advanced module 2: selected financial ratios useful as analytical procedures	161	Other reporting issues	243
<i>Key terms</i>	164	Additional required communications in an audit of ICFR	244
<i>Review questions</i>	165	Advanced module: special considerations for an audit of internal control	245
PART III Internal control	173	<i>Key terms</i>	246
6 Internal control in a financial statement audit	174	<i>Review questions</i>	247
Introduction	176	PART IV Statistical and non-statistical sampling tools for auditing	255
Internal control – an overview	176	8 Audit sampling: an overview and application to tests of controls	256
The COSO framework	177	What if you were an apple inspector?	258
Planning an audit strategy	186	Introduction	259
Obtaining an understanding of internal control	189	Definitions and key concepts	260
Assessing control risk	195	Types of audit sampling	263
Substantive procedures	198	Attribute sampling applied to tests of controls	265
Timing of audit procedures	199	Non-statistical sampling for tests of controls	282
Auditing accounting applications processed by service organizations	201	Conclusion	284
Communication of deficiencies in internal control	201	Advanced module 1: considering the effect on sample size of a small population	285
Advanced module 1: types of controls in an it environment	202	Advanced module 2: comparing terminology for attribute sampling between ACL and sampling tables	285
Advanced module 2: computer-assisted audit techniques	206	<i>Key terms</i>	286
Advanced module 3: flowcharting techniques	208	<i>Review questions</i>	287
<i>Key terms</i>	209	9 Audit sampling: an application to substantive tests of account balances	293
<i>Review questions</i>	210	Sampling for substantive tests of details of account balances	295
7 Auditing internal control over financial reporting	217	Monetary-unit sampling	296
Management responsibilities under section 404	219	An extended example	304
Auditor responsibilities under sections 404 and AS5	219	Non-statistical sampling for tests of account balances	311
Internal control over financial reporting defined	219	Advanced module 1: classical variables sampling	315
Internal control deficiencies defined	220		
Management’s assessment process	222		

Advanced module 2: comparing terminology for monetary-unit sampling between ACL and manual calculation	322	Tests of details of classes of transactions, account balances and disclosures	405
<i>Key terms</i>	322	Accounts payable confirmations	410
<i>Review questions</i>	323	Evaluating the audit findings: accounts payable and related accounts	412
PART V Auditing business processes	331	Advanced module: auditing income tax expense and related accounts	413
10 Auditing the revenue process	332	<i>Key terms</i>	415
Revenue recognition	334	<i>Review questions</i>	416
Overview of the revenue process	337	12 Auditing the human resource management process	422
Inherent risk assessment	346	Overview of the human resource management process	424
Control risk assessment	348	Inherent risk assessment	430
Control activities and tests of controls: revenue transactions	350	Control risk assessment	431
Control activities and tests of controls: cash receipts transactions	354	Control activities and tests of controls: payroll transactions	432
Control activities and tests of controls: sales returns and allowances transactions	358	Relating the assessed level of control risk to substantive procedures	435
Relating the assessed level of control risk to substantive procedures	358	Auditing payroll-related accounts	436
Auditing revenue-related accounts	359	Substantive analytical procedures	436
Substantive analytical procedures	359	Tests of details of classes of transactions, account balances and disclosures	437
Tests of details of classes of transactions, account balances and disclosures	361	Evaluating the audit findings: payroll-related accounts	441
The confirmation process: accounts receivable	367	Advanced module: auditing share-based compensation	442
Auditing other receivables	372	<i>Key terms</i>	443
Evaluating the audit findings: revenue-related accounts	372	<i>Review questions</i>	443
<i>Key terms</i>	373	13 Auditing the inventory management process	450
<i>Review questions</i>	374	Overview of the inventory management process	452
11 Auditing the purchasing process	380	Inherent risk assessment	457
Expense and liability recognition	382	Control risk assessment	459
Overview of the purchasing process	383	Control activities and tests of controls: inventory transactions	460
Inherent risk assessment	391	Relating the assessed level of control risk to substantive procedures	464
Control risk assessment	392	Auditing inventory	465
Control activities and tests of controls: purchase transactions	394	Substantive analytical procedures	466
Control activities and tests of controls: cash disbursement transactions	398	Auditing standard costs	467
Control activities and tests of controls: purchase return transactions	403	Observing physical inventory	467
Relating the assessed level of control risk to substantive procedures	403	Tests of details of classes of transactions, account balances and disclosures	469
Auditing accounts payable and accrued expenses	403	Evaluating the audit findings: inventory	474
Substantive analytical procedures	404	<i>Key terms</i>	474
		<i>Review questions</i>	475

14 Auditing the financing/investing process: prepaid expenses; intangible assets and goodwill; and property, plant and equipment	481	Auditing income statement accounts	517
Auditing prepaid expenses	483	Assessing control risk for business processes: income statement accounts	518
Inherent risk assessment: prepaid expenses	483	Substantive procedures: income statement accounts	518
Control risk assessment: prepaid expenses	483	<i>Key terms</i>	520
Substantive procedures: prepaid insurance	484	<i>Review questions</i>	521
Auditing intangible assets and goodwill	486	16 Auditing the financing/investing process: cash and investments	527
Inherent risk assessment: intangible assets and goodwill	486	Auditing cash	529
Control risk assessment: intangible assets and goodwill	487	Types of bank accounts	530
Substantive procedures: intangible assets and goodwill	488	Control risk assessment: cash	531
Auditing the property management process	490	Substantive procedures: cash	531
Inherent risk assessment: property management process	490	Auditing investments	541
Control risk assessment: property management process	492	Control risk assessment: investments	542
Substantive procedures: property, plant and equipment	494	Substantive procedures: investments	544
Evaluating the audit findings: property, plant and equipment	500	Advanced module: auditing fair value measurements	547
<i>Key terms</i>	500	<i>Key terms</i>	550
<i>Review questions</i>	501	<i>Review questions</i>	551
15 Auditing the financing/investing process: long-term liabilities, stockholders' equity and income statement accounts	506	PART VI Completing the audit and reporting responsibilities	559
Auditing long-term debt	508	17 Completing the audit engagement	560
Inherent risk assessment: long-term debt	509	Review for contingencies	562
Control risk assessment: long-term debt	509	Review for commitments	565
Assertions and related control activities	510	Review for subsequent events	566
Substantive procedures: long-term debt	511	Final evaluation of audit evidence	569
Auditing stockholders' equity	514	Communications with those charged with governance and management	576
Control risk assessment: stockholders' equity	514	<i>Key terms</i>	578
Auditing equity capital accounts	515	<i>Review questions</i>	579
Auditing dividends	517	18 Reports on audited financial statements	588
Auditing retained earnings	517	Reporting on the financial statement audit: the standard audit report with an unmodified opinion	590
		An emphasis of matter paragraph or other matter paragraph added in the audit report	592
		Audit reports with modified opinion	594
		Discussion of conditions requiring audit reports with modified opinion	597
		Special reporting issues	601
		Reporting on comparative information	601
		Other information in documents containing audited financial statements	604

Reporting on specialized areas	605	PART VIII Assurance, related services and internal auditing	663
<i>Key terms</i>	609	20 Assurance, related services and internal auditing	664
<i>Review questions</i>	610	Assurance services	666
PART VII Professional responsibilities	617	Subject-matter specific assurance standards	671
19 Professional ethics, independence and quality control	618	Review of historical financial information	674
Ethics and ethical professional behaviour	620	Related services	677
IESBA code of ethics for professional accountants	623	Internal auditing	679
Auditor independence in the EU	650	<i>Key terms</i>	688
Quality control systems	650	<i>Review questions</i>	689
<i>Key terms</i>	654		
<i>Review questions</i>	656	Index	693
