

About the Author

Dr. N. K. Mehta retired as Professor from IIT Roorkee (former University of Roorkee) in 2010 after serving in the Department of Mechanical and Industrial Engineering for almost 40 years. He also served as Counselor (Science and Technology) at the Embassy of India in Moscow from 1995 to 1998.

Dr. Mehta has done extensive research in the areas of Machine Tool Design, Machining Science and Computer aided Manufacturing. He has more than 120 research papers to his credit and has supervised 12 PhD Thesis and over 50 M Tech dissertations. In addition, Dr. Mehta was Translation Editor of the Soviet Journal of Structural Mechanics and Design of Structures for four years and has translated nine text books and monographs in English. He was also the Conve-nor of the First International and Twenty second AIMTDR Conference in 2006.

Dr. Mehta's contribution to teaching and research has been widely acknowledged and he has been the recipient of numerous awards and honours such as G. C. Sen Memorial Prize for Best Research Paper at the Tenth AIMTDR conference in 1982, the A. N. Khosla Research Prize and silver medal in 1984, Member Program Advisory Committee of Mechanical Engineering and Robotics of the Department of Science and Technology, Govt. of India and Member Core Advisory Group of R&D in Machine Tool sector constituted by the Principal Scientific Advisor to the Govt. of India.
