2. Click on the box next to I agree to the Terms of Service > click Set Up Account.
3. Complete the form shown. In the Email Address field, type a *valid* Email address. (*Hint: You may want to set up a new email address for use with QBO.*) Then, type your first and last name. Type a Password that is 8 or more characters, a mix of upper and lowercase letters, and includes a symbol. Each time you sign into QBO, you need your User ID and Password.

IMPORTANT: Do not use the *same* User ID and Password associated with another QuickBooks account. **Write down your User ID and Password.** You will need it each time to sign into QuickBooks Online.
